In celebration of Ryan's Road Trip  
Mystery Micro-Figure we're paint  
Ryan's World Characters!

## ALPHA LEXA PLATE

### MATERIALS

- Smooth Dinner Plate
  - Pen
  - Template
  - Masking Tape
  - Tracing Paper
- Small Round Brush
- Medium Shader Brush
  - Liner Brush
- Paints: 7, 8, 11, 31, 67

### TIPS

- When painting, use the lightest colors first to help prevent the darker colors from getting into your lighter colors.
- When the paint dries and you can't see a detail you can take the tracing paper and place it over the top of your image (you should be able to align it to the image) and retrace over the parts that are difficult to see.

**TEMPLATE FILE NAME** Alpha Lexa Plate

**THEME** Ryan's Road Trip

## INSTRUCTIONS

Before starting, be sure to wipe the bisque down with a clean damp sponge to remove dust before painting. (3 coats of paint will be needed to achieve solid color)

1. Tape template and tracing paper together (make sure the transfer side of the tracing paper is facing down), tape onto plate with the transfer side onto the plate (the order would be: plate on the bottom, transfer paper in the middle, template on top), trace over the design with a pen or pencil. Lift the transfer paper occasionally to check what you've already covered.
2. Fill in ears, nose, and face with #7 with a medium round brush.
3. Color in the the left eye with #8 and a small round brush.
4. Color in right eye and and highlights in hair with #11 and a small round brush.
5. Outline the face with Black #31 using a liner brush.
6. Make line around the rim of the plate with #7 and a Medium Shader Brush.
7. Fill in mouth area with #67.
